Reporting duties in ERC grants

How to prepare and submit FINANCIAL REPORTS online with the 'Single Submission' functionality Last update: August 2014

European Research Council Executive Agency

Established by the European Commission

Preliminary info on the introduction of the Single Submission feature :

- The Single Submission functionality ensures that all components of the Report package (the Form C, the financial report and the final scientific report when applicable) are submitted at the same time
- It is therefore no longer possible to submit to the Agency first the Form C and then the Reports (or the opposite)
- The "submit" button is now available only under the Form C, whereas the Financial Report can only be saved and put in status "ready for submission". Its submission will happen automatically when you submit the Form C.

Financial Report (
▼ INSTRUCTIONS	
- Multi-line text fields are limited to 4000 characters (including spaces).	-
- You may use the 'save' button at any time to save a report and continue its editing later.	
- The Breakdown Table and the Budget follow-up table must be filled in using the Adobe form file received from ERCEA via email with the Advance Notice Letter. Once completed, the file must be attached to this Report using the button 'attachments' at the top of this page.	
- The Certificate of Financial Statements, when required, must be attached to this Report using the button 'attachments' at the top of this page.	
- After completion, press the 'submit' button to submit the report. Press the 'submit' button ONLY when you are absolutely sure that the Report is satisfyingly complete in all its parts and that ALL NEEDED DOCUMENTS have been uploaded through the 'attachments' button. It is not possible to modify the Report or attach further documents once a Report has been 'submitted'.	
- The electronic submission waives the necessity to send the original version of the Financial Report through the post. It is then no longer necessary to send the Financial Report in hardcopy in Brussels. It is still necessary instead to submit in original the Form C (as well as the Certificate of Financial statements when necessary).	
- Decimal numbers should be indicated by a dot and not by a comma (i.e. 3.5 and not 3,5).

European Research Council

Mandatory! **Executive Agency** Established by the European Commission In line with the obligations arising from the ERC Grant Agreement I declare on my honour that:

. To my best knowledge, the attached Financial Report represents a realistic estimate of the work carried out for this project and reflects an appropriate use of financial resources for this reporting period;

The project (tick as appropriate):

· Declaration of honour

has fully achieved its objectives and technical goals for the period;

has achieved most of its objectives and technical goals for the period with relatively minor deviations;

has failed to achieve critical objectives and/or is not at all on schedule.

. In case the research project is subject to either: ethics report, new authorization, renewal of opinion(s) from the relevant ethics committee, we confirm that necessary steps have been taken in time to ensure that the relevant documents are sent to ERCEA (ERC-ETHICS-MONITORING@ec.europa.eu)

. The Principal Investigator has agreed to the content of this Report

For the Host Institution:

Date:

* 🔿

 \bigcirc

NOTE: This declaration is considered signed upon the electronic submission of the Report via the IT reporting tool	THERE IS NO NEED TO

Financial statements - Model financial statement and summary financial report For a single beneficiary project the beneficiary should submit the financial statement using the template provided. If special clause 10 applies to your Grant Agreement, please also include a separate financial statement from each third party as well. Breakdown of direct costs 2) Attach the file using the « Attachments » button! 100 000 use select 10350 56(0) use see Sub-Total 님 Save Spell checking 渴 Submit X Cancel Attachments Print This project is configured to use regular submission. 1) Fill in the tables using the file in the Advance Notice Letter

Preparation of the Report Important aspects /6

European Research Council

▼5. Certificates

List of Certificates which are due for this period, in accordance with Article II.4.5 of the single beneficiary Grant Agreement and Article II.4.6 for the multibeneficiary Grant Agreement.

According to the art.180.2 of the IR and the art II.4.5 of the ERC GA a CFS is mandatory for every claim (interim or final) in the form of reimbursement of costs whenever the amount of the EU contribution is equal or superior to EUR 375.000 when cumulated with all previous interim payments (not including the pre-financing) for which a CFS has not been submitted. Once a CFS is submitted, the threshold of EUR 375.000 applies again for subsequent EU contributions but the count starts from 0.

In case of a multibeneficiary grant agreement (special clause 30) or third party linked to the beneficiary (special clause 10) this threshold is to be applied per beneficiary.

Bear in mind that although the threshold is established on the basis of the EU contribution, the CFS must certify all eligible costs.

1) Obtain the CFS from your Auditor

2)

- If your grant foresee the "ELECTRONIC-ONLY" handling of reports upload a pdf copy with the Form C

- If your grant does not foresee the "ELECTRONIC-ONLY" handling of reports then send it in hard copy to the Agency in Bruxelles

Preparation of the Report Important aspects /7

- Workforce table

Personal information on staff-members in ERC-funded projects

Note: The following form is not a part of the Periodic Financial Management Report. It is used to collect information which will support the assessment of the impact of ERC funding schemes. This will help the Scientific Council provide evidence on the outcomes of its funding activities and to further develop its funding schemes.

The Scientific Council of the ERC wishes to understand and report on the impact of the ERC funding on the training of the next generation of researchers in Europe. In addition to reporting on numbers of staff members in ERC-funded projects, there is a need to document their key demographic characteristics (gender, age, nationality); their mobility patterns (institutional, regional) and the (inter)-disciplinary setting in which they work (subject areas). Names are needed to analyse their contribution to project-related publications and for future reference in subsequent studies about their career trajectories.

The provision of data is subject to the consent of staff members whose data are being provided.

All data will be processed by ERCEA pursuant to Regulation (EC) No 45/2001 on the protection of individuals with regards to the processing of personal data by the Community institutions and bodies. Data providers are entitled to obtain access to their personal data on request and to rectify any such data that is inaccurate or incomplete.

We hope that all staff members in ERC-funded projects will be willing to support this effort.
