ERC Starting Grants 2022 Preliminary statistics

Reproduction is authorised provided the source 'ERC' is acknowledged.

NB: In these graphs, 'grantee' refers to a candidate selected for ERC funding. 'Country of Host Institution' refers to the country of the host institution at the time of application to this ERC call. In a very few cases the institution may have changed in the meantime.

Important Information

The statistics and final list of successful candidates are provisional. The Trade and Cooperation Agreement between the European Union and the United Kingdom allows for associating the UK to the current EU research and innovation funding programme, Horizon Europe, subject to the adoption of a Protocol. As this Protocol has not been adopted so far, the UK is still considered “non-associated” to Horizon Europe. Therefore, the successful proposals of applicants based in a country in the process of associating to Horizon Europe will be eligible for funding only if the relevant Horizon Europe association agreement applies by the time of the signature of the grant agreement. However, successful applicants from UK host institutions can still be funded provided they move to a host institution in an eligible country.
