ERC Mentoring Initiative (ERC MI)

The aim of this initiative is to support applicants from countries where the levels of participation and success rates in ERC calls for proposals have been so far modest.

European Research Council

Established by the European Commission

Identifying ERC grantees and former panel members who could serve as external mentors.

National Centre for Research
and Development

How does the ERC Mentoring Initiative work in Poland?

- Four domestic agencies joined the ERC MI
- ERC MI is addressed to grantees of all of the four domestic agencies, provided that the applicants comply with eligibility criteria for a PI (StG, CoG)
- The agencies allow their grantees to spend some of the project's budget on the compensation for the ERC MI mentor

*NAWA covers the cost of participation in ERC MI from its own budget
