ERC Advanced Grant 2024

Important Information

The statistics and list of successful candidates are provisional. The European Commission and the Swiss Government have concluded negotiations on the association of Switzerland to Horizon Europe. The signature of the agreement is expected to take place in 2025. However, since the scope of the association agreement does not cover award procedures implementing the 2024 budget, no grant agreements will therefore be signed with host institutions established in Switzerland under the 2024 Advanced Grant call. Switzerland-based applicants may only receive EU funding if they transfer their proposed project to an eligible host institution.
