

Members of the ERC Peer Review Panels ERC Advanced Grant Panel 2008 (AdG-Panel A)

Updated March 2009

The list below includes the panel members in the first ERC Advanced Grants peer review process, identified and invited by the ERC Scientific Council. There are in total 25 panels, divided between the 3 domains as follows: 9 panels in Life Sciences (LS), 10 panels in Physical Science and Engineering, and 6 panels in Social Sciences and Humanities (SH). The full list of ERC peer reviewers (panel members and remote referees) will be published by the European Commission after the conclusion of the current peer review process.

Panel chairs appear at the top of each panel list, followed by that panel's members in alphabetical order.

Note to applicants:

This information is given for reasons of transparency. Under no circumstances should peer reviewers be contacted by applicants, potential applicants or potential host institutions.
