1. Who we are:

The ERCEA is dedicated to selecting and funding the excellent ideas that have not happened yet, and the scientists that are dreaming them up.

In practice, the ERCEA supports the work of the ERC, the first pan-European funding body sustaining excellent frontier research in Europe, set up by the European Union in February 2007. The ERCEA was created in order to manage the Ideas Programme, part of the EU's Seventh Research Framework Programme (FP7). Its mandate was renewed until 2024, for the implementation of part of the Horizon 2020 Framework Programme for Research and Innovation (2014-2020).

In order to achieve the ERC's objectives, the ERCEA manages several frontier research grants: 'Starting Grants' targeted at early-career, emerging research leaders, 'Consolidator Grants', aimed at excellent researchers who are already independent, 'Advanced Grants' that support established top researchers, as well as 'Synergy Grants' for groups of two to four Principal Investigators to jointly address ambitious research projects. The grants fund projects in any field of research, with excellence as the sole selection criterion. Since the creation of the Agency, some 9,000 researchers at various stages of their careers have been supported. Under Horizon 2020, the ERCEA has a total budget of some € 13 billion.

The ERCEA is dedicated to excellence in research and in all aspects of its work, and seeks to attract professional, highly-motivated staff with the right qualifications and expertise. The working environment at ERCEA is modern, dynamic, inspiring and engaging.

Within the ERCEA, Unit A.2 assists the Scientific Council and the Agency in their communication strategy towards the scientific community, the public authorities and the public at large. It also supports the Agency's internal communication.

The Agency is situated in the heart of Brussels and expected to count a total staff of 529 by the end of 2020. For more details on the ERC and ERCEA, please visit our website: <http://erc.europa.eu/>.
